Objective:-

Enthusiastic and motivated Student with a passion for learning, seeking opportunities to apply and enhance skills in Development. Strong academic background and a proactive approach to tackle challenges.

Education:-

Name of Institute	Qualifying Examination	Board/University	Passing Year	Result
LDRPinstitute of technology and research, Gandhinagar	B.E.-I.T	Kadi Sarva Vishwavidyalaya	2024	**7.28 (CGPA)**
J.J.Mehta HighSchool Bilimora	H.S.C	GSEB	2020	**61.07%**
Shree B.K.Patel Sarvajanik HighSchool Bhathala	S.S.C	GSEB	2018	**70.00%**

Skills And Abilities

TECHNICAL SKILLS

Languages : Python,Javascript,HTML5,CSS

Frameworks: FastAPI,Flask

Database: PostgreSQL,SQL

Work Experience

Associate Software Engineer Intern

IT IDOL Technologies (Dec 2024 – April 2025)

Project : Testing Product

Tech Stack : FastAPI (Backend), React JS(Fronted)

Responsibilities:

- Worked on both **backend & frontend** development for testing a chatbot product.
- Worked on **Excel report automation** for structured data representation
- Collaborated with the team to optimize **API responses and load testing**.

Projects

Rock Mine Prediction

Tech Stack: Python, Machine Learning,Scikit-learn, NumPy, Pandas, Matplotlib, Jupyter Notebook

- Developed a machine learning model to classify objects as either rock or mine based on sonar data. Implemented data preprocessing, feature extraction, and various classification algorithms to improve accuracy.

- **Github**

QuickChat – Web Based Chat Application

Tech Stack: Python, FastAPI, WebSocket , PostgreSQL, HTML, CSS, React.js

- Developed Web Based Chat App using **FastAPI** for the backend and **React** for the frontend. Implemented user authentication (signup/login), profile management with photo upload, adding and managing contacts, and real-time messaging with chat history storage. The app supports seamless communication between users with a interactive interface.

- **GitHub**

BlogWorld — Blog Posting Web Application

Tech Stack: Python, Flask, SQLite, HTML, CSS, Bootstrap, Render

- Developed a dynamic blog posting web application using Flask. Implemented user authentication features including registration, login, and password recovery. Enabled users to create, update, and delete blog posts. Integrated a secure database to manage users and posts efficiently, and successfully deployed the application for live access.

- **Live Project** | **GitHub**

More Projects: **GitHub Profile**

Personal Qualities:-

· Prefer Smart work rather than hard work.
· Good concentration power.
· Self-disciplined and timepunctual.
· Quick Lerner.
· Enthusiasm.

Personal Details:-

Date Of Birth : 30/01/2003

Marital status : Unmarried

Nationality : Indian

Gender : Male

Hobby : Music,Cricket,Chess

Address : Mu-Po-Bigri Mamadev Faliya,Ta-Gandevi,Dist-Navsari,Vaya-Bilimora,396110

Declaration:-

I hereby declare that the above-mentioned particulars are true to best of my knowledge.

Yours Faithfully
